

Span Shade Kits

Simplicity & strength

Span Shade kits make building shade structures simple. Take the complexity out to deliver a strong, practical shade solution. Using the unique interconnecting links Span Shades can be built from 10m -200m. When building Span Shade you decide how much or how little you want to build.

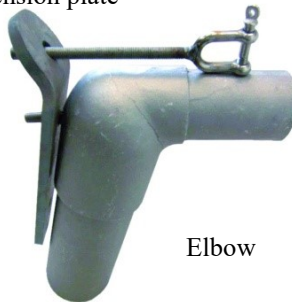

Option 1— Just Span Shade Fittings

We supply knuckles and elbows fittings and you do the rest

Knuckle

Tension plate

Elbow

Option 2— A complete Span Shade Kit

We supply Knuckles, Elbows, Knee braces, Cut lengths of steel, Tension plates and Roof fabric

Popular at schools, child care & council playgrounds

Cut Lengths

Tell us the structure size and we'll supply you the cut lengths—simple.
